

KCRAR and Hangers Cleaners

All KCRAR members and their families are now eligible to receive special pricing and service at Hangers Cleaners, which is the ONLY environmentally friendly dry cleaner in the Kansas City area. Hangers will offer free pickup and delivery to the homes or offices (in our service area) of KCRAR members. To get things started, they are offering up to **\$30 of FREE cleaning** on your first order! **This offer is good for our pickup and delivery service only.**

KCRAR Delivery

Hangers will deliver directly to the homes/offices of KCRAR members (within the service area). Depending on their address we deliver every Monday and Thursday **or** every Tuesday and Friday. **Call if unsure about our service area.**

Special Pricing

Hangers' pricing is already competitive with other local dry cleaners, but now KCRAR members and their families receive a **15% discount all the time...no coupons necessary.** Delivery and the eco-friendly products are free...and, unlike other cleaners, they do not have to collect an "environmental tax!" Pricing for most items can be found on the back of this flyer.

How to Sign up

1. On-line at www.hangerskc.com and click on **Sign-Up** in the upper right hand corner, or call at 816.941.2262.
(Please reference code KCRAR-KC in the comments section at the bottom of the page!)
2. Hangers will pick up the dirty clothes at an agreed upon spot (at your members home/office), make a personalized bag for future pick-ups to be returned with the clothes the following delivery day.
3. From then on, just place your dirty clothes in your blue, personalized "Hangers" bag and put it in the designated pickup spot and they'll pick it up on the scheduled day.

Eco-Friendly without Sacrificing Quality

Hangers Cleaners is Kansas City's ONLY eco-friendly dry cleaner...period. Their all-natural cleaning process is great for the environment and great for your clothes, leaving them clean, soft and without that FUNKY dry cleaning smell!

They use an all-natural CO₂-based dry cleaning method, which has been rated #1 by Consumer Reports and is the only process given an "A" by Greenpeace. At Hangers, no heat is required during the "drying" process, wrinkles are more easily pressed out of garments and damage to the fabric is minimized. Garments look new longer because the system causes less fabric breakdown than conventional cleaning methods.

Payment

Each time you use Hangers Cleaners, your credit or debit card will be charged automatically. Your card information is held securely by Hangers Cleaners—in fact, none of your personal information (other than your name and address) will be visible on your bag's ID tag! **Learn more at www.hangerskc.com**
